RESULTS BASED MONITORING AND EVALUATION

COURSE OUTLINE

Monitoring and Evaluation (M&E) provides a framework for effective measurement of results for both private and public sector entities. These frameworks provide a new set of tools, complementary to traditional results measurement systems, that offer governments and organisations new methods for ensuring the achievement of their strategic, policy and project goals.

Results-Based M&E (RBM&E) enables the public sector to focus its efforts on monitoring performance rather than just spending, and on evaluating long term results rather than short term outputs.

For the private sector, an RBM&E system allows management to make efficient ongoing assessments about progress towards attainment of the goals and objectives of their organisation and their stakeholders.

This course will equip participants with the knowledge to understand where and how M&E fits within the organisational or national framework, and the strategies required for its successful design, build and integration.

COURSE OBJECTIVES: On completion, you will be able to:

- Understand the essentials of M&E, how to design and implement an M&E system and the factors involved in setting up an M&E unit
- Know where and how M&E fits within the organisational or national framework and strategies for successful integration
- Set up a database to collect, analyse, interpret and report on performance
- Design monitoring systems incorporating routine and ad-hoc data collection and reporting techniques
- Set objectives and design performance indicators and apply M&E techniques to the measurement of outcomes
- Design and implement a computerised M&E database information system
- Create and deliver outcome focused data-based reports that provide value-for-money solutions

KEY TOPICS

- From traditional financial reporting towards results-based performance management
- RBM&E methods and performance indicators
- Building a national M&E system or organisational M&E unit
- M&E for improvements in value for money
- Computerised M&E and database management systems
- Logic Models; baselines; data sources; designing performance indicators
- Evaluation, Impact Assessments, reporting and making recommendations

DURATION	FEE	DATE	VENUE
10 days	£4,450	01 - 12 July 2024	London

"ON DEMAND" COURSES

In addition to the scheduled dates shown, we are flexible to schedule additional dates to our calendar in a location of your choice. To ensure we can explore adding an additional date, do aim to contact us with your request with a minimum of 4 months' notice to allow the course to be advertised.

WE REWARD LOYALTY

We offer all our clients a '4+1' loyalty scheme. For every four delegates enrolled from an organisation in any calendar year, we will provide you with one additional place, free of charge.

"The training and venue were great and all the trainers and coordinators were very helpful."

MERCY FANT, Market Conduct Officer, Bank of Ghana.

FEATURED TRAINER

RICHARD ODOOM

Richard is a fellow of the Institute of Chartered Accountants in England and Wales and a Chartered member of the British Computer Society.

He has over 30 years' experience providing financial management and IT systems integration services to Ministries of Finance, Central Banks and other public-sector entities around the world, using his unique combination of IT, business management and accounting expertise.

With many years of capacity building experience, Richard has devised and delivered numerous Crown Agents training courses on financial management and accounting, audit and monitoring and evaluation in the UK and abroad.
