# THE PUBLIC PROCUREMENT TOOLKIT: SUSTAINABILITY, INTEGRITY AND VALUE-FOR-MONEY

## COURSE OUTLINE

This two-week programme combines:

<b>Sustainable Public Procurement: Strategy, Policy and Practice</b>	<b>05 days</b>
<b>Integrity and Value-for-Money in Public Procurement</b>	<b>05 days</b>

This comprehensive and hands-on programme will equip you with the skills to address urgent and strategic priorities in public procurement – embedding sustainability, integrity and value for money into procurement policy and practice. It will help you to maximise the impact of budgets whilst meeting the environmental, social and economic goals of your organisation and government.

Week one will provide procurement practitioners with the tools and techniques to effectively plan and implement sustainable approaches to sustainable public procurement (SPP). Delegates will explore how to plan and implement a SPP strategy, considering the context of their own organisation.

Transparent, ethical and value-for-money procurement is also recognised as a vital tool to maximise the impact of budgets and achieve organisational goals. In week two, the focus will therefore be on the tools needed to take a proactive lead in securing value-for-money and improving integrity across both the public and private sectors.

**COURSE OBJECTIVES:** On completion, you will be able to:

- Identify social, economic and environmental goals relevant to your procurement portfolio
- Create an SPP policy and strategy
- Plan and apply SPP approaches in your organisation
- Implement SPP throughout the procurement cycle
- Develop systems for assessing and maximising value-for-money
- Design and implement a transparent and ethical procurement system focused on achieving best value
- Develop corruption mitigation strategies and controls

## KEY TOPICS

- Exploring how SPP differs from traditional public procurement
- Understanding how SPP strategies can be used to support economic, social and environmental goals
- Defining legal frameworks for SPP and SPP policies
- Managing contracts with sustainability clauses
- Assessing and improving value-for-money
- Developing leadership and communication skills to improve integrity in the workplace

## FEATURED TRAINER

### ELINOR NIPPARD

Elinor Nippard has wide-ranging experience of procurement reform and capacity development. She worked on all aspects of the procurement reform program in Uganda from 2001-2003, including the legal framework, design

and delivery of training modules, support to both procuring entities and the new regulatory authority and compliance assessment.

While at Crown Agents, she has also worked on various aspects of reform programs in Zambia, Malawi, Botswana, Ethiopia, Tanzania and Afghanistan. As Team Leader for procurement reform projects in the Maldives and Barbados, she assessed national systems, recommended new institutional arrangements, and drafted procurement bills and/or regulations to implement these.
